Abstract

The Mystery of the Cross and the Resurrection works in man's deification and translates the work of God *from the Father through the Word Incarnate in the Holy Spirit* in Christ's friends by which he acts as the Mystery of the Church and the pledge of eternal life in the Kingdom of God.

The life of the whole Church confesses the gift of immortality, *deification*, as the fruit of the *Mystery of the Cross and Resurrection* of our Savior Jesus Christ, Who has redeemed us at the price of His own human life, not before He became in World as The Son of God *incarnated* in the Divine-Human Person of the Lord our Jesus Christ, born as Man from of the Virgin Mary, receiving the passions and overcoming death, to His glory and our sharing of Him and of the *Mystery of the Cross and Resurrection* in the life of the Church where the Divine Liturgy is the mystery of Mysteries of our salvation.
